

Dear Hiring Team,

I am writing to apply for the Program Support Intern position at AfricaNenda. I am highly motivated to contribute to your mission of advancing inclusive instant payment systems and expanding financial inclusion across Africa.

I currently work as an IT Officer at the Bank of Sierra Leone, where I support national payment systems and fintech infrastructure. In this role, I have developed strong research, analytical, and data management skills, while contributing to initiatives related to instant payment systems and financial system integration. My experience includes maintaining reports, supporting cross-functional collaboration, and tracking system performance skills that align closely with the requirements of this role.

I also bring a solid foundation in project support and communication, strengthened through my experience as an instructor and team coordinator. Additionally, my training in ISO 20022, fintech, and project management has deepened my understanding of digital financial services and their role in driving economic inclusion.

I am particularly drawn to AfricaNenda's work in building inclusive payment ecosystems across Africa. I am eager to contribute my skills while learning from your team and supporting impactful initiatives that improve access to financial services.

Thank you for your time and consideration.

Kind regards,

Ahmed Ishmael Keifala
